- ✓ Equipment & Asset Theft
- ✓ Break & Enter, Theft
- ✓ Suspicious Person/Vehicle
- ✓ Vandalism & Graffiti
- ✓ Medical / Fire Emergency
- ✓ Trespassing & Loitering

COMMERCIAL PATROL SERVICES

Who does your alarm monitoring company send when your business alarm activates? Do they call yourself or your staff in the middle of the night?

Local police will respond to your alarm but will issue you a fine if no emergency exists, and they do not give a priority response; often it can be hours before they respond, because they are busy with high priority emergencies. Compared to other security companies, we provide higher quality Security Agents, GPS tracked vehicles, digital reports and images.

Our Commercial & Industrial Patrol Service brings peace of mind to business owners like you, knowing a trained, experienced and licensed security professional is checking on your property through the night, and on weekends.

What will this cost?

Security is an investment, and quality security is an asset, it saves you money, secures operations, enhances reputation and community perception and supports being a good commercial neighbor!

Benefits

- ✓ We integrate with & support your business operations
- ✓ Patrol units are assigned sectors for faster response times
- ✓ Through keen observation our agents notice irregularities.
- ✓ A trained and experienced security agent will inspect your property and report to dispatch with their findings.
- ✓ Prompt alarm verification is the corner stone to minimizing losses and catching acts of crime in progress.
