### EVENT SECURITY SOLUTIONS

Who should do your event security? Maybe bouncers, but they aren't licensed or insured and can be dangerous. What about a big national security company, but are they going to take my needs seriously, and what is the guard quality like? Is there anyone else, better?

**CE Security is the solution!** When you choose CE Security to secure your event/conference centre, rest assured your safety and security needs are exceeded and your guests are well looked after; after all our motto is "Customer Service is our Weapon of Choice!" Our management team works with you to design a customized safety & security program to determine dollar for dollar where and what resources are best invested and focused to protect people, property, information and reputation. Through this process we consider the entire guest experience from arrival to departure. We do our best to provide for a safe, secure and hospitable environment for guests and staff alike. From perimeter patrols, parking lot escorts, noise level checks, staff emergency drills, asset & VIP protection, concert barricade lines, etc... we are ready to serve you better! We Look for any type of nuisance and criminal behaviour, and we go above & beyond, to detect any situation that may disrupt the event; Fire, Smoke, Water Leak/Flood, Ice, Power Outage, Inclement Weather, etc.

CE Security maintains a strong professional presence and maximum visibility as a deterrent to potential offenders and courteously look after your guests. All agents are equipped with two-way radios and have 24hr access to dispatch in case of an emergency and for large scale multi day events we can provide a Command Post which features first aid station, equipment inventory and mobile dispatch center. Depending on the venue we can provide bikes, all-terrain vehicles and/or golf carts, mobile units, all of which are marked to ensure our proactive, professional and customer service focused presence is felt by patrons and the general public.

We are available for short or long term assignments 24/7/365 including statutory holidays and can additionally provide event security and alarm/call response. Remember, an investment in your safety & security program, is an investment in your guest experience and that leads to increased average dollar sales and repeat attendance, strengthening your bottom line!

Book CE Security for your next event, and rest assured we will provide the safety and security you expect and deserve, we guarantee you will be satisfied with our event security services. Call Today!
